complaint: trademark law infringement in Germany through (Bing-Microsoft)
facebook Germany: Trademark Notification Complaint: #1410362955856150 with a bad answer!

Dear Mr. Mark Zuckerberg,

since three weeks ago, I was pleased the reaction of Facebook Germany when filing a trademark complaint, which was then deleted within two days.
My trademarks are:

Biotivia® (www.Biotivia.mobi)
Bioforge® (www.Bioforge.mobi)

Now, after Bing - Microsofts search engine - has been implemented in Facebook and advertises Biotivia and Bioforge (of Biotivia LLC, which has no rights for this trademark in Germany), I am being directed from Facebook Germany to ask Bing!

This cannot be the case for Germany!

I'd be glad to positively change this in this matter, without lawyer.

Yours sincerely
